

Test Site Reliability Engineer Deall

Hello my name is Muhammad Fadhilah Sukmojatmiko, my nickname is didil/sukmo. Im fresh graduate (2022), my major is Internet Engineering. This docs contains what I did in finishing the test challenges for SRE position at Deall. I'm a fresh graduate and still need a lot to learn and get experience, I have a growth mindset & strong will to learn. I'm sorry if the answers/things I did to finish this challenges were not as expected.

Request:

- POST /api/user/login - login user & mendapatkan token
- POST /api/user/register - register new user
- PUT /api/user/update - update existing user
- GET /api/user/data/:id - get user data by id
- DELETE /api/user/delete/:id - delete user by id
